

## Northern Lights (a romantic suspense story): A Contemporary Romantic Suspense Novel

Ten years after her world was shattered by rape, Brooke Hague has finally picked up the pieces of her life. She worked hard to put that horrible night behind her, until the man who hurt her is paroled. Now stalked by the man who raped her, Brooke's life is in danger. Crab fishing captain Nathan Lowery has suffered his fair share of tragedy over the years. He swears he's given up on love, despite the feelings he has for the shy, petite red-head. Learning her life may be in danger, Nathan does the one thing he can to help protect her—he takes her with him to Alaska during king crab season. Cooking for six men on a boat in the middle of the Bering sea presents more of a challenge than Brooke bargained for. It's also the last place she expected to fall in love, but when the season ends and the stalker is still at large, Brooke's fear for her well-being is overshadowed by her need to save her new love's life. She knows, in the end, if necessary, she'll give her own life to save his. This 60,000 word sweet romance novel is filled with secrets, intrigue, and suspense. This is a previously released title by Michelle Cary.
