

## Endings: Dystopian Post Apocalyptic Zombie Thriller (Parables From The Apocalypse Book 1)

Book #1 in the Parables From The Apocalypse series Mankind is losing their biggest war ever. The one war they cant afford to lose. Decorated war hero Colonel Chaz Sheperd wasnt used to being beat, and this time it wasnt just the enemy making his life miserable. With even his family turning on him, hed have to make some hard choices. Knowing where his loyalties lay wasnt as easy as it used to be. In a crumbling world trusted alliances were essential but fleeting. Chaz would find answers where he least expected. Answers not only for him, but the entire planet. If youre looking for the usual dumber than a stump in the middle of a shopping mall zombie thriller, youve come to the wrong place. These zombies have a plan, and theyre not stupid enough to share it with the general population. Yes, it is the apocalypse threatening our survival, and the human race has once again brought it upon themselves. This time though, the alien invasion of zombies may or may not be the real problem battling the military apocalyptic culture permeating North America. From the swamps of Louisiana to the urban science fiction backdrop of small town USA, this first in a series of dystopian novels sets the stage for some great war zombie drama.
